IMPORTANT INFORMATION

Thank you for choosing the CIA Broadform Building Insurance Policy to protect you and your property. This policy has been arranged with us through your broker. The policy document must be read together with the schedule as it will tell you all you need to know about the cover, terms, conditions and limitations of your cover.

Some words with special meanings are defined in the policy and are shown in ***bold italic***. Please refer to the policy wording for the definitions. These definitions apply throughout the policy unless shown differently in any particular section. **One section may not be used to interpret another section. All exclusions are shown in red.**

Unless stated to the contrary the singular includes plural and vice versa.

COOLING OFF PERIOD

You have a cooling off period of 14 days from the inception date of the policy, if you decide for any reason that this policy does not meet your requirements you can advise us in writing within 14 days and we will cancel the policy and refund any premiums paid by you in full. You will however not receive a full refund if you have made a claim.

If you wish to cancel the policy after the 14 day cooling off period, you will only be entitled to a pro-rata refund of premium.

HOW DO WE CALCULATE YOUR PREMIUM?

The premium you must pay for this insurance is shown in the schedule / quotation.

The key factors that influence the premium calculation are:

- the sum insured you choose;
- the location of your property;
- the type of construction of the building;
- the occupation of the building;
- if or to what extent the building is vacant;
- your previous history of losses (whether insured or not);
- the probability of a claim occurring;
- other factors relating to our cost of doing business.

Please see the example below:

Premium Calculation:

Risk premium	As per the above
Sasria premium	Compulsory based on SASRIA rates
Broker fee	As agreed between you and your broker
Commission	20% included in the premium
VAT	14% included in the total premium
TOTAL PREMIUM	Reflected on the policy schedule

MAKE SURE THE BUILDING SUM INSURED IS ADEQUATE

For us to pay your claim in full it is important that you insure the building for its correct replacement value (Referred to as total reconstruction cost). It is advisable to obtain a professional valuation to establish the correct sum insured at inception and update it on a regular basis. The replacement value of your property must be based on the current rebuilding cost plus allowances for associated costs, for example: demolition, removal of debris and site clearance, professional fees such as engineers, architects', quantity surveyors' and project managers, and complying with current national or local building regulations and other legislation, and VAT.

If, according to our calculations, the amount needed to replace the building with a similar new building at the time of the damage, is more than the sum insured, we will not pay you the full amount of the damage. You will be your own insurer for the difference between the sum insured and the total reconstruction cost. Therefore, you will be responsible for a proportional share of the damage.

Let us assume you are insured for R 500,000, but the total reconstruction cost of the building is R 1,000,000. This means you are only insured for half of the total reconstruction cost. You are responsible for the other half. For example, if you suffer damage to the value of R 100,000, we will only pay half of this amount, which is R 50,000, calculated as follows:

Insured for	R 500,000
Total reconstruction cost	R 1,000,000
Claim	R 100,000
Calculation of underinsurance	$R 500,000 \div R 1,000,000 \times R 100,000$

We will only pay you R 50,000.

Also refer to "What you are covered for" in Section A – Buildings on page 8 of the policy wording for monetary limitations in respect of professional fees.

YOUR DUTY

We will only cover you if you keep to all the terms and conditions of the policy and you tell us everything that could reasonably have an effect on our decision to insure your property and to help us assess its risk correctly.

It is your responsibility to make sure that the information relating to the insured property is accurate and correct.

You must tell us immediately if:

- Any of the information contained in the schedule / quotation is incorrect
- There is a change in the occupancy of the building
- There is a change in circumstances that may increase the chance of damage, injury or liability
- Illegal occupants (squatters) have moved into any part of the building
- Your banking details change if the premium is paid by debit order

What you tell us may affect the terms and conditions of your cover, including the premium and the excess you are responsible for paying when you claim.

You must adhere to all the terms and conditions set out in the policy, this includes, but is not limited to making sure that you:

- Keep the building well maintained and in a good condition, including making regular inspections of the property, repairing faults or fixing defects such as leaking roofs, gutters, drains, water pipes and damaged tiled areas
- Take all reasonable care to prevent theft, loss, damage or legal liability to other people and their property
- Make sure that all laws are obeyed
- Pay the premium for the insurance as reflected in the schedule on time. Refer to General Condition 20 on page 37 of the policy wording

If you do not meet your responsibilities or, we discover that you, or someone acting for you, knowingly give false information, we may:

- Reduce or reject your claim
- Cancel the policy
- Void the policy (treat as null and void)
- Recover any payments from you that we have made for previous claims

RENEWALS

We will send you a renewal schedule on the anniversary date of the policy each year. It is important that you check the details to ensure all the information contained in the schedule is correct, and that the sums insured are adequate.

You must also take note of any changes (if any) that have been made.

MAKING A CLAIM

This is the procedure you should follow in the event of a claim or if something happens which may result in a claim. If you do not follow this procedure, you will break a condition of the policy that may invalidate your claim.

You must:

- Effect any immediate temporary repairs necessary to prevent further loss, damage or injury
- Immediately notify the Police following loss or damage by theft, attempted theft, malicious damage, violent disorder, riots or civil commotion and obtain a case reference number
- Provide us with full details of your claim as soon as reasonably possible after the event, but not later than 30 days after the event or occurrence. If you fail to do so, we may at our discretion reject your claim
- Provide us with all information and evidence, including written estimates and proof of ownership and value that we may request

DO NOT UNDER ANY CIRCUMSTANCES

- Effect full repairs without our consent
- Admit, negotiate or settle any claim without our permission in writing
- Abandon any property

Also refer to the General Claims Procedure on page 40 of the policy wording.

WHAT WILL BE THE EFFECT IF YOU CLAIM

The cover remains in force after a claim is paid.

If we decide that the risk of giving you cover has increased, we have the right to increase your premiums, reduce your cover or even cancel the policy.

CAN YOU LOSE MONEY

This product is not an investment or savings product, so the risk that you may get out less money than you put in, is not relevant.

If the policy ends for any reason, the cover will fall away. Payments for past cover periods are not refundable.

COMPLAINTS PROCEDURE

We realise that things can go wrong and that there may be occasions when you feel that we have not provided the service you expected. When this occurs we want to hear about it so that we can investigate the complaint and where possible put things right.

TALK TO CIA

If you have a complaint, the first thing you or your broker should do is to speak to one of the CIA staff members.

If your complaint relates specifically to a claim, speak with the claims consultant managing your claim. If they are unable to resolve the matter, it will be referred to management and ultimately to the Managing Director.

IF YOU ARE STILL NOT SATISFIED

If you are still unhappy and wish to escalate the matter, then please contact us. The matter will be referred to the relevant dispute handling department who will conduct a full review and endeavour to provide you with a response within 14 days.

IF YOU ARE STILL NOT SATISFIED WITH OUR RESPONSE TO YOUR DISPUTE YOU CAN SEEK AN EXTERNAL REVIEW

The Ombudsman for Short Term Insurance (OSTI) is empowered to review and rule on disputes between you and us. Their contact details appear in the schedule and you are entitled to contact their offices if ever you are dissatisfied with an outcome or decision we have made.

You will however not be able to have your dispute resolved by the OSTI if you are not eligible under the OSTI Terms of Reference.

Please contact us for further information about our complaints and disputes resolution procedures.
